PREVENTION OF HIV/AIDS AND DRUG ABUSE

2003. Hardcover. Book Condition: New. 300 Today, beyond the range of any previous global epidemic, human immunodeficiency virus (HIV) infection, the cause of acquired immune deficiency syndrome (AIDS), has reached the proportions of a pandemic, having infected millions and promising to infect millions more. In many developing countries the HIV / AIDS epidemic is spreading rapidly. The present book focuses on the association between drug use and HIV infection and addresses the challenges that professionals and policy makers must confront...

Reviews

This book can be worth a read, and far better than other. I could comprehend every little thing using this published e pdf. You can expect to like how the blogger publish this pdf.

-- Rylee Funk

This is basically the very best book i have read right up until now. It is definitely simplistic but excitement in the 50 % from the ebook. Your daily life period will likely be transform as soon as you total reading this article pdf.
