Those who have valuable inventions or propose to acquire interest in such inventions or in patent rights, or who have either to prosecute or defend patent suits, should proceed intelligently and according to law, and thereby avoid danger of loss. It is impossible to do more within the compass of these pages than suggest a few rules and principles and a few dangers and necessary precautions. This will be understood, and also that in patent matters, as in all important business involving special knowledge, qualified agents or trained experts, worthy of entire confidence, should be consulted in particular cases. Patentable Subjects. New and useful improvements in a machine, article, or art (process or method), new and useful compositions of matter, and new and useful ornamental designs or forms for an...
