Excerpt: . . . breathing weapons. The trade space of range, payload types (e. g. kinetic, IO, ISR) and mass, single multi-purpose platform vs. multiple special purpose platforms, on station time, and feasibility of modification of an existing capability should be fully explored. The study should be completed in one year and a program initiated based on its findings. Integration and exercising of combined operations C3I: Joint Staff J39 and DNI lead, with STRATCOM, SOCOM, and the regional COCOMs support as required, integrate, exercise and rehearse remote, time critical strike operations across COCOMs and the IC. The objective should be to plan and provide rapid target characterization and effects based mission pre-planning for situations characteristic of those requiring rapid conventional response from strategic distances. Exercises should be conducted at least semi-annually. In summary, our analysis and recommendations for scenarios believed to require prompt global strike ended in highlighting two different domains: 1. Difficult to find, identify...
