## The Geographical Tradition: Episodes in the History of a Contested Enterprise

---

By Livingstone, David

Wiley-Blackwell, 1993. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: "A major piece of work. Not since reading Glacken's Traces on the Rhodian Shore have I read a book on the history of geography that was equally bold in its ambition and erudite in supporting its claims." John A. Agnew, Syracuse University" He approaches five centuries of geographical work with zest, sympathy, catholicity and (not infrequently) irreverence in an easy style that grinds no particular axe. The reader is shown a kaleidoscope of the different motives, contexts and spirit of those who have taken part in this wide-ranging quest for knowledge. Highly readable, and recommended to all students of the history of geography and of science in general." David Hooson, University of California at Berkeley" Superb . a real winner. A fine and well-written book that will become the core of all courses and seminars in the history and philosophy of our field." Peter R. Gould, Pennsylvania State University" It is clear that The Geographical Tradition is a tour-de-force. I congratulate you on a major achievement . the best thing to come through my in-tray for many months." Peter Haggett, University of Bristol "Livingstone . writes in...

### Reviews

*A must buy book if you need to adding benefit. It really is writter in easy terms instead of difficult to understand. I found out this ebook from my dad and i advised this publication to find out.*

**-- Prof. Elton Gibson I**

*Merely no phrases to spell out. I am quite late in start reading this one, but better then never. Your way of life period is going to be enhance once you complete reading this publication.*
