Is the Employment of Army the Only Solution for Solving the Naxal Problem in India?

By Navneet Tanwar

Biblioscholar Nov 2012, 2012. Taschenbuch. Book Condition: Neu. 246x189x4 mm. This item is printed on demand - Print on Demand Neuware - The monograph provides an in-depth analysis of the structural and ideological causes of Naxalism in India. Naxalism besides being a socio-economic problem is also politico-ideological response to the growing inequality in the Indian society. India's growth since independence has been unequal and skewed, a fact aggravated further, by a volatile mix of old, degenerated beliefs and rising materialism. Though democracy is deeply entrenched, empowerment has been as caste and regional groups, who often place their narrow parochial interests over the interests of the society and nation. This not only encourages nepotism and corruption but also affects governance and implementation at all levels. While Naxalism, fuelled by genuine, but mostly local and personal grievances, has made impressive gains, government policy efforts aimed at treating symptoms have proved to be inadequate. With the pool of dissatisfied ever increasing an integrated and holistic response aimed at changing the ethos and attitude of governance and population is essential. Within this holistic response, the army as an element of state power can be a part of a solution but not 'The' solution for Naxalism....
