Pursuant to a congressional request, GAO determined the extent to which state approving agencies (SAA) assessment activities overlap the efforts of other agencies. GAO found that: (1) 10.5 million of the 12 million paid to SAA in 1994 was spent to conduct assessments already performed by the Department of Education; (2) these assessments involved reviews of accredited academic and vocational schools; (3) the remaining SAA assessment activities did not overlap the activities of other agencies, since they involved on-the-job training programs and unaccredited schools; and (4) although SAA use evaluation standards that differ from those of other reviewing agencies, SAA activity should be reduced to schools and programs not subject to Department of Education approval. This item ships from La Vergne, TN. Paperback.
