

Home Health Nursing Assessment and Care Planning

By Marie S. Jaffe

Mosby. Paperback. Book Condition: New. Paperback. 496 pages. Dimensions: 7.0in. x 4.9in. x 0.8in. This unique, spiral-bound handbook is compact, portable, and written with busy home health nurses in mind! Organized by body system, it offers instant advice on assessment and care planning for the disorders home health nurses are likely to encounter. Providing assessment guides for all body systems, the home environment, and the clients psychological status, it includes full care plans for over 50 illnesses and conditions most commonly encountered in the home. Each plan lists nursing diagnoses, short- and long-term expected outcomes, nursing interventions, and client caregiver interventions. Care plans are organized by body systems to allow for quick retrieval of information. Both short-term and long-term outcomes are included in the care plans to aid evaluation of the care provided. Detailed assessment guidelines are provided for all body systems to facilitate complete and comprehensive client examinations. Guidelines for environmental and safety assessments aid in the appraisal and improvement of clients living conditions. Client and caregiver interventions are outlined in the care plans to promote active client participation in self-care. The convenient pocket size makes transportation and use convenient to home health nurses. Appendices on documentation guidelines, laboratory values,...
